

## ODOURFREE

### ELIMINATES HIGH ODOUR CONCENTRATIONS

OdourFree is a plug & play option that suits the air cleaners (model VisionAir) of Plymovent. This option can be installed in the air cleaner at any moment. OdourFree consists of activated carbon which has some unique characteristics: a large internal surface area, dedicated (surface) chemical properties and good accessibility of internal pores.

Plymovent ran a lot of tests with different kinds of activated carbon filters. These numerous test resulted in Odourfree, as Odourfree:

- removes many gases and odours.
- has a low resistance, and therefore doesn't highly effect the airflow of the air cleaner.
- has a high saturation level.

### APPLICATIONS

The option OdourFree is advised wherever penetrating smells appear. OdourFree applications can be found in various segments, such as:

- Health sector: nursing homes, day-care centres, physiotherapists, hospitals, waiting rooms, living areas psychiatric institutes and pharmacies.
- Shops: fish shops, print shops and workshops using adhesives.
- Cosmetics: cosmetic shops and hairdressers.
- Offices: copy rooms (ozone generating machines), open plan offices (Sick Building Syndrome) and meeting rooms (stale air).
- Various: fire and smoke damage, sewage and waste treatment, ships, trash container rooms, morgues and laboratories.

### SPECIFICATIONS

#### Physical dimensions and properties

Material	Polyurethane foam with activated carbon
Net weight activated carbon	2800 g/m <sup>2</sup> ± 300 g
Max. temperature	60°C
Max. relative humidity	70 %
Adsorption capacity	For extended list please refer to Information Letter OdourFree

#### Scope of supply

Activated carbon filter without frame

#### Product combinations

- VisionAir MediaMax
- VisionAir ElectroMax

### Order information

Article number	9860010080 (2 pcs.)
Number/package	1
<b>Shipping data</b>	
Gross weight	2 pcs. = 1 kg
Packing dimensions	1 box
Harmonized Tariff Code	84213920
Country of origin	the Netherlands
